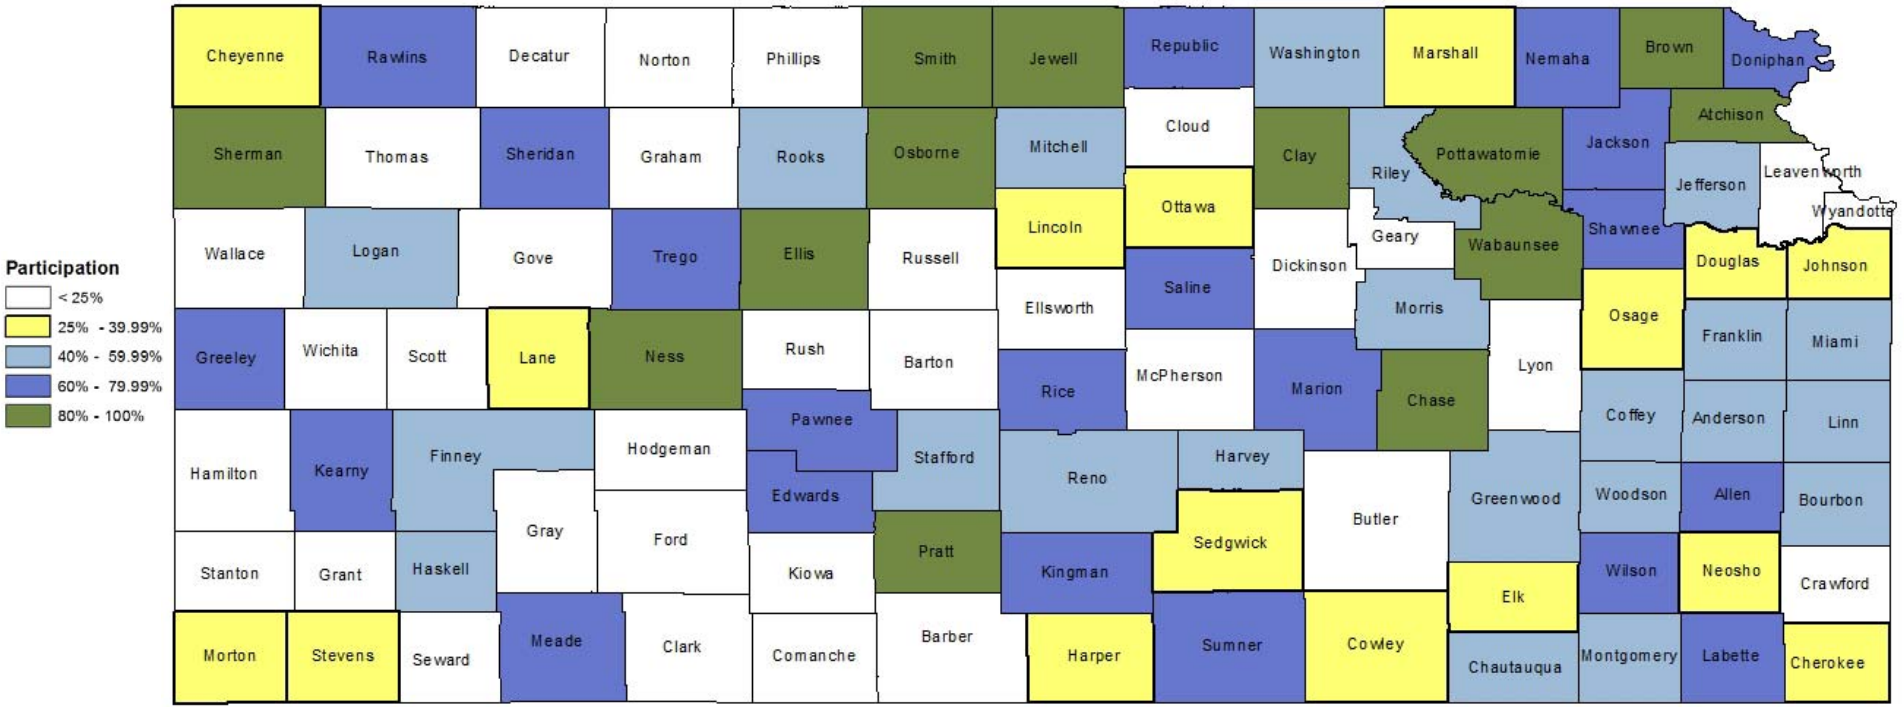
2016 KCTC COUNTY PARTICIPATION



The *Kansas Communities That Care (KCTC) Student Survey* is one of the only tools available to assess current perceptions, opinions, attitudes, and behaviors of youth in Kansas. These perceptions in turn, reflect the health and well-being of our families, schools, and communities. However, the survey data will only give an accurate picture of students' experiences if the majority of Kansas schools participate. District administrators and teachers must stress the value and importance of the KCTC survey and commit to survey administration.

The *KCTC Student Survey* is administered ***FREE*** to all Kansas schools. Be a part of the largest student survey in the state—your school's participation is crucial.

The *KCTC Student Survey* has been administered annually by Greenbush throughout the state since 1994-95 with funding by the Kansas Department for Aging and Disability Services Behavioral Health Services. For more information, contact Nancy White at 620-724-6281 or nancy.white@greenbush.org. Visit us on the web at *www.kctcdata.org.*
