

Fast Facts for Parents

The KCTC student survey...

- Has been given in Kansas every year since 1995.
- Provides information about Kansas youth substance use, bullying and safety as well as student-teacher relationships and student involvement.
- Helps schools and communities get money for student and community prevention programs - money that benefits students.
- Is completely anonymous – no names or other personally identifiable information are collected - students cannot be identified by their responses.
- Is very valuable to schools and communities to let them know what is working with youth and what areas need attention.
- State and county data can be viewed at www.kctcdata.org.
- To view the questions, go to <http://tiny.cc/kctcsurvey>.

Parents must sign a consent form for their youth to participate. *Please sign and return your consent form to your school today.*
