

KCTC Student Survey – Versions, Modules, Formats, Languages

Versions

Two versions of the survey are available: a Comprehensive version and an Alternate version.

1. **Comprehensive Version** – This is the full survey. It contains questions pertaining to the CTC Risk and Protective Factors, including sections on Demographics & School Climate; Peer Influences; Drug/Alcohol/Tobacco Usage; Community-Based Perceptions; and Family Domain.
2. **Alternate Version** – This is the shorter version. It contains all the same questions as the Comprehensive version but *excludes Family Domain* questions, which determine things like a student’s view of parents’ attitudes toward drugs/alcohol.

Optional Module

One optional module is available.

1. **Depression/Suicide Module** – This short module contains four questions related to depression and suicide ideation and attempt. It is available for use with both the comprehensive and alternate versions.

Questions:

- During the past 12 months, did you ever feel so sad or hopeless almost every day for **two weeks or more in a row** that you stopped doing some usual activities?
- Have you ever **seriously** thought about killing yourself?
- Have you ever made a **plan** about how you would kill yourself?
- Have you ever **tried** to kill yourself?

Format

The survey is available in both paper and online formats.

Languages

Paper and online surveys are available in both English and Spanish.

If you have questions about either version or the optional module, contact statewide KCTC Coordinator Nancy White at nancy.white@greenbush.org or call 620-724-6281.
